FROGS

A close-up photograph of several escargots (snails) in their shells, arranged on a bed of crinkled aluminum foil. The shells are light brown with darker brown stripes. The snails are cooked, and their bodies are visible inside the shells, covered in a green herb butter sauce. The lighting is warm, highlighting the texture of the shells and the foil.

SNAILS / ESCARGOT

A top-down view of an open rectangular metal tin filled with sardines. The sardines are packed in oil and appear to be whole or in large pieces. The tin is placed on a light-colored wooden surface. Surrounding the tin are fresh ingredients: a slice of orange in the top left, several sprigs of green parsley, and a few whole black peppercorns. A dark semi-transparent banner with a thin orange line above the text is positioned in the bottom right corner.
